

Virtual Events Calendar

Last Modified on 04/14/2023 9:24 am EDT

HBA has developed a single, consolidated webinar calendar so we can avoid scheduling more than one webinar on a particular topic within the same time frame and help to avoid event conflicts/duplications for our members. Please use this as a tool for planning purposes.

Once you schedule your date and time for your virtual event in [Calendly](#) and you receive confirmation that your event is approved, it will show up in this calendar.
