

Career Advancement Through Leadership

Last Modified on 01/23/2024 11:33 am EST

The HBA offers members experiential leadership and professional development opportunities at all career levels. HBA's inviting and supportive environment provides you with a safe place to learn, contribute, and grow. There are opportunities to fit every career, every level, and every schedule.

Build Your Leadership Experience

Strengthen critical leadership, consensus-building, negotiating, and management skills by serving on committees and working together on programs, initiatives, and events.

Increase Your Visibility and Professional Connections

Showcase your unique talents by contributing to the HBA. You will build lasting relationships with influential professional healthcare businesswomen and men.

Advance Your Career

Learn and practice new techniques and strategies that can be applied directly to your career. These include marketing, market research, finance, project management, event planning, negotiation skills, leading with or without authority, team building, professional development, and board governance.
