HBA staff

Last Modified on 10/08/2026 4:34 pm EDT

HBA is almost entirely volunteer-led, but we have a few staff members to support and guide our volunteer leaders and provide support for the organization's growth and success. The HBA Central Staff Team assists the CEO in efficiently implementing the board's strategic objectives and in supporting the organization's global operations. The team is dedicated to providing the best member, volunteer, and partner experience while delivering on HBA's value proposition. A current listing of HBA Central Staff can be found here.

A Culture of Success

Achieving our vision demands a full commitment to our core values from every team member. We strive to exemplify our values in everything we do. We lead as customer-focused innovators, committed to fair access and opportunity for advancement for all healthcare leaders. With accountability, we give grace, we listen deeply, honor all multidimensional perspectives, and we seek to maintain a representative workforce that reflects the communities we serve. Through collaboration as a team, pursuit of continuous learning, and cultivation of welcoming spaces where all voices are valued, we believe we are accelerating progress. We believe our shared values foster a culture that accelerates innovation, change and positive outcomes. That's #HBAimpact.
